BIOGRAPHICAL

It is not absolutely proven that the Joseph of this record is he who married Hannah Chamberlain as shown, but all evidence thus far supports this connection.

Joseph Chamberlain was a physician as was his father John, and brothers Jabez and David.

In 1790, Joseph Chamberlain was living in Amenia, Dutchess Co., NY, heading a family of 2-1-2 (2 males 16 years of age and upwards, 1 male under 16 years of age, 2 females). The foregoing age groups indicate an adult couple living with the family.

Joseph is not found in the 1800 census, but in 1810, he was living in Hector, Seneca Co., NY, heading a family of 11301-2111 (1 male under the age of 10 years, 1 male between the ages of 10 and 16 years, 3 males between the ages of 16 and 26 years, 1 male aged 45 years and upwards, 2 females under the age of 10 years, 1 female between the ages of 10 and 16 years, 1 female between the ages of 16 and 26 years, 1 female between the ages of 26 and 45 years). Not found in any of the later censuses.

The New Chamberlain Association of America Newsletter (NCAAN) indicates he was carried forward in the original mss genealogy of William (#138).

Glazier questions this man's 1790 identification, and cites the *History of Amenia* which calls Joseph's wife Abigail. Needs to be checked.
